

RAMSES II CONTINUOUSLY VARIABLE SPEED BELT-DRIVE DECK

The **RAMSES II** includes 33, 45, and 78 rpm, a variable pitch control, three other fixed speeds for older discs and continuous adjustment of speed from 60 to 105 rpm. Sorbothane is used internally to reduce mechanical noise. A built-in Vertical/Lateral switch is standard. It can even rotate backwards to play metal stampers. Included is our 12-speed Super Strobe for speeds from 68.5 to 90 rpm. The extra-cost LN option provides ultra-low hum, and 6 dB better rumble figure. Recommended for both audiophile and vintage records.

- * CUE LEVER AND MOTOR START SWITCH
- * CONTINUOUS SPEED RANGE 60 - 105 RPM
- * VERTICAL/LATERAL SWITCH STANDARD
- * INCLUDES HINGED DUST COVER
- * STANDARD CARTRIDGE HEAD SHELLS
